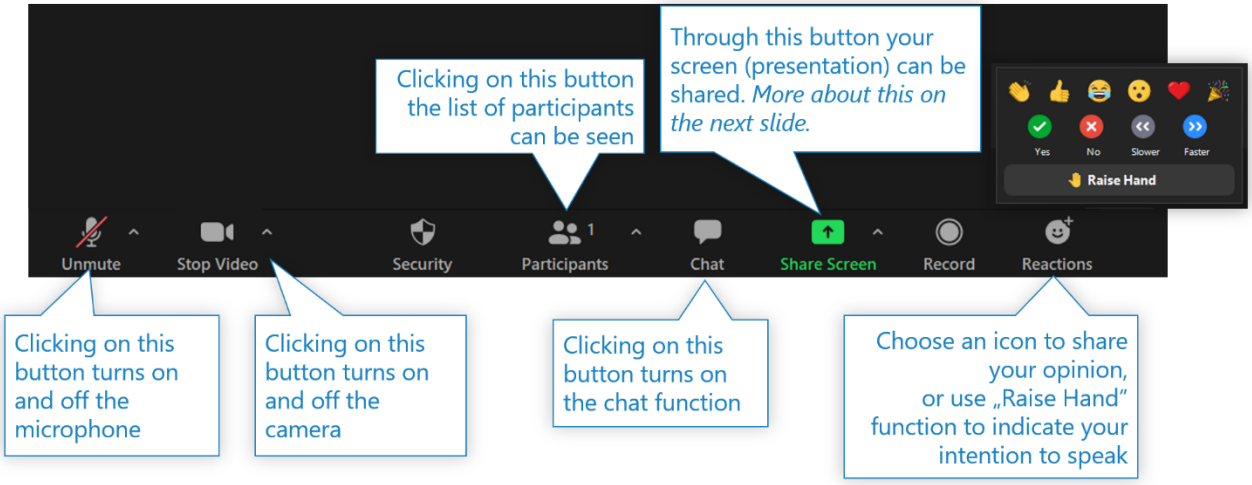
Connecting to the online videoconference

The Board Meeting will be held with Zoom platform. Technical requirements for connecting to the online videoconference:

- For all necessary features (e.g. interpretation), please, use desktop version of Zoom instead of opening the meeting in browser!
- The latest desktop version (at least 5.6) of the Zoom. It can be downloaded from the following link: https://zoom.us/download#client_4meeting
- Solid internet connection (2.0 Mbps up 6.0 Mbps down) and working microphone and camera.

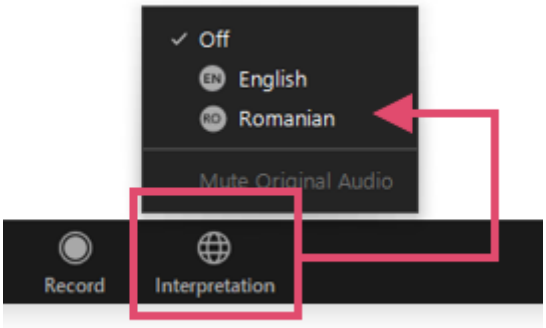
To launch the videoconference click on the next link and follow the appearing instructions:
https://zoom.us/j/99448014614?pwd=TWVQWVlDaXNPbTNJbHg5Mm9DNVByUT09
If your browser asks, click on the "Open Zoom Meetings" button.

The most important features of the Zoom app are summarized on the next figure:



During the Board Meeting, we are providing a Hungarian-English simultaneous interpretation, that is available in the following way:

1. In your zoom meeting controls (bottom of your screen), click Interpretation, and click the language that you would like to hear.
2. After you have selected the language, you will hear the interpretation channel. Sometimes the interpretation will follow the original language with a small delay.
3. To hear the interpreted language only, click "Mute Original Audio". Do not forget, in this case, you will not hear the original audio channel.



Online voting

General steps of online voting:

1. When asked by the Chair of the Board Meeting, go to the voting links tab in your browser (https://budapest.cesci-net.eu/en/board-meetings/the-board-meeting-of-the-cesci-in-2021/) and open the appropriate voting link.
2. On the form choose your name, and fill out your ID-number, then vote and click on the "Send" (or any equal expression) button!
3. After the appearing responsive window, go back to the Zoom app to follow the Boar Meeting!
4. Do not close the voting links tab! It will be necessary in the future!
